

ACCESS UCCS Diversity Support Services

This document lists support services on campus for faculty and students.

[Academic Advising](#)

From orientation through graduation, students have an assigned advisor who partners with them to successfully navigate college.

[Disability Services](#)

This department is focused on improving the experience of students with varying disabilities by providing proper accommodations for each student's needs.

[Diversity, Equity & Inclusion](#)

The UCCS office of Diversity, Equity & Inclusion aspires to strengthen equity, diversity and inclusion as integral components of academic excellence and establish the University as a regional and national leader in preparing students for success in a culturally, ethnically and racially diverse global society and workforce.

[Excel Centers](#)

We are a network of five centers, each offering a unique program of academic support to help all UCCS students succeed in every aspect of their academic careers.

[Family Development Center](#)

From the understanding that both the faculty and students may need to conciliate their academic lives with raising their kids, UCCS provides the community with year-round schooling for kids from ages 1 to 5.

[First Year Experiences](#)

Our goal is to assist both freshmen and transfer students through their first year at UCCS in their academic and personal goals.

[International Affairs](#)

International Affairs leads, coordinates, and supports comprehensive campus internationalization with the ultimate goal to prepare globally competent graduates.

[MOSAIC](#)

The MOSAIC office provides advocacy, support, and community for the groups that have been underserved in higher education, including, but not limited to, LGBTQ+ and students of color.

[Veterans and Military Affairs](#)

UCCS has a large community of active militaries and veterans, and the Veterans Affairs provides this community with several services

[Wellness Center](#)

The UCCS Gallogly Recreation & Wellness Center offers health and mental health services to all actively enrolled students and medical insurance is not required to be seen for an appointment.
