Session Objectives

01

Distinguish between OER and resources provided by the library.

02

Locate OER for a particular course.

03

Choose OER for course implementation.

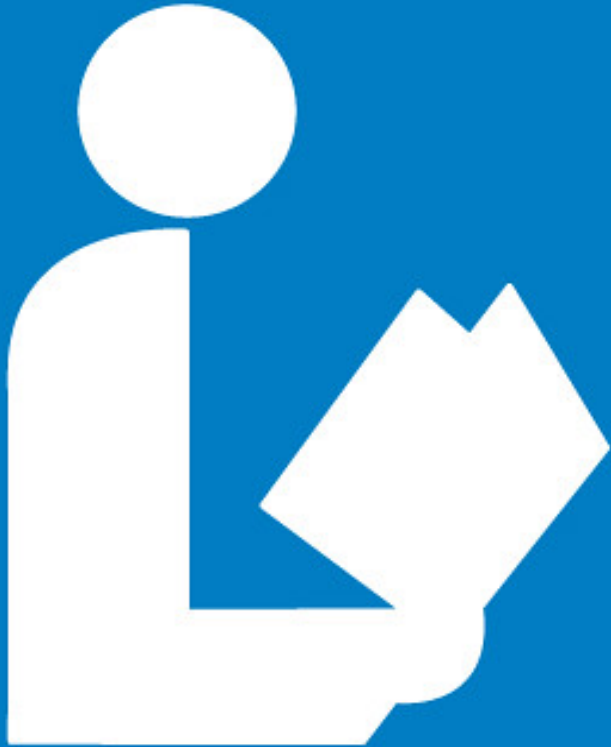

OER Poll Questions

- What's the difference between OER and what students can check out through the library?
- How can I tell if something is openly licensed?
- Where can I find OER resources?
- If I am not ready for a new textbook, how else can I incorporate OER in my course?
- Where can I find open educational tools and software?
- How can OER help me with online teaching?

What's the difference between OER and what students can check out through the library?

- Library resources are free to use, but usage is restricted to certain legal uses.
- OER are completely free to use, share, copy, distribute, and remix.
